Welcome Back

Well done to all the new students selected for this years teams and welcome back to last years students. This is the first edition of the academies newsletter and we hope to keep you up to date with all the latest news, fixtures and results for the teams.

We hope this year that we will grow on the success of last year, and get some great results across all the teams. The men's football and rugby have already played some matches and have had some good results.

Congratulations to Alastair Quantrill, Samuel and Thomas Phillips who have just joined the college and the volleyball team. Over the summer they represented England South in the UK Games.
