Male Basketball Academy travel to France

Richmond college basketball academy traveled to France 25th & 26th September to Gravelines for a short pre-season trip. BCM Gravelines plays in the highest professional league in France Pro-A and offered Richmond the chance to train in a professional environment.

The trip included several training and diagnostic-testing sessions, conducted by Steve Greening and a friendly game against BCM Gravelines U20.

The opposition provided a very demanding test for the Richmond players, who found themselves on the wrong side of a 91 - 47 result.

Despite a heavy defeat, the trip proved an invaluable experience and team bonding opportunity that paid off when RUTC started their U18 domestic competition with two consecutive victories.
