Student Dress Code

All students are expected to dress appropriately to reflect the working environment at RuTC. We are preparing you for the world of work whilst enabling you to move away from wearing a school uniform. The dress code still allows you to express your individuality whilst respecting other students, our staff, customers and visitors.

- Students are expected to wear their college lanyard and ID card at all times once they enter the college site
- Students are required to be neat, clean and well-groomed whilst they are studying, whether you are in college, on work experience or visiting another organisation
- Students are required to wear smart casual clothing that reflects the course/area they are studying
- Students are not expected to wear clothing that shows any underwear and clothing should not expose too much skin
- Clothing should not be low-cut and should cover the midriff or any other areas of the body normally covered during work time
- Whilst on college premises, during college trips or work placements/experience, students are not permitted to wear any item of clothing that displays inappropriate/offensive language (in any dialect), including; slogans, photos, imagery or wear clothing that displays political and/or religious views
- Students studying in areas that require protective clothing are required to wear this clothing to be allowed in the classroom, workshop or kitchen
- Students working with machinery/food are required to meet health, safety and hygiene legislation including keeping long hair tied back and removing all jewellery other than a wedding ring
- Some students will be required to wear a uniform whilst at college or whilst carrying out work placements or work experience and must ensure that it is clean and worn in a presentable fashion

The college recognises and embraces the diversity of cultures and religions held by our students and we will take a sensitive approach when this affects dress and any uniform requirements. However, priority will always be given to health, safety and security.

It is expected that an equivalent level of smart clothing will be worn by all students of any gender, regardless of how they identify, according to the circumstances.

Where students are transitioning to live in the gender with which they identify, this dress code will be applied and adapted sensitively and flexibly. If a transgender student is required to wear a uniform, the college will ensure that arrangements have been made to provide them with a uniform appropriate to their gender. The uniform will be available from the point at which the individual presents in their new gender status.

If a student arrives at college or work not dressed in accordance with this dress code, depending on the circumstances, the college may require the student to return home to change.

Persistent failure to comply with this dress code may result in disciplinary action.
